

BROCHURE

3rd Global Summit on Environmental Science and Applications

April 22-24, 2024 | Osaka, Japan

Email: enscience2024@thescientistt.com

Web: <https://www.thescientistt.com/2024/environmental-science-applications/register>

Welcome Message

After the success of the 2022 and 2023 editions of the EnScience conference, we are glad to announce and cordially invite you to join the 3rd Global Summit on Environmental Science and Applications (EnScience2024) will be held in Osaka, Japan during April 22-24, 2024.

EnScience2024 aims to bring together the renowned researchers, scientists and scholars to exchange ideas, to present sophisticated research works and to discuss hot topics in the field and share their experiences on all aspects of Environmental Science and Applications.

The EnScience2024 will be a 3 days event that means to gather the key players of the Environmental Science and Applications community and related sectors. This event is launched with the aims to become an established event, attracting global participants, intent on sharing, exchanging and exploring new avenues of environmental science and applications-related scientific and commercial developments.

A wide-ranging scientific program consisting of plenary lectures, keynote lectures, Invited lectures, parallel sessions, as well as poster sessions for young scientists covering all topics in environmental science and applications will be scheduled. This conference provides a wonderful opportunity for you to enhance your knowledge about the newest interdisciplinary approaches in Environmental Science and Applications.

Moreover, the conference offers a valuable platform to create new contacts in the field of Environmental Science and Applications, by providing valuable networking time for you to meet great personnel in the field.

We look forward to seeing you at EnScience2024 in Osaka, Japan

Important Dates

Abstract Submission Deadline:	October 20, 2023
Earlybird Registration Deadline:	September 25, 2023
Standard Registration Deadline:	November 27, 2023
Onspot Registration:	April 22, 2024
Conference Dates:	April 22-24, 2024

<https://www.thescientistt.com/2024/environmental-science-applications/register>

Plenary Speakers

Prof. Dai-Yeun Jeong
Jeju National University, South Korea

Prof. Eric Wolanski
James Cook University, Australia

Prof. Milena Horvat
Jožef Stefan Institute, Slovenia

Prof. Kartlos Joseph Kachiashvili
Georgian Technical University, Georgia

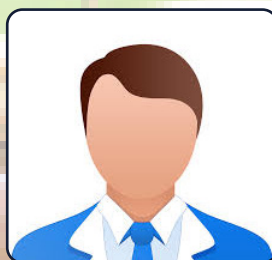

Prof. Jane Wanjiku Kabubomariara
University of Nairobi, East Africa

Keynote Speakers

Prof. Xiaoguang Ouyang
Southern Marine Science and Engineering
Guangdong Laboratory, China

Prof. Eun Jeong Cha
Korea Meteorological Administration,
Republic of Korea

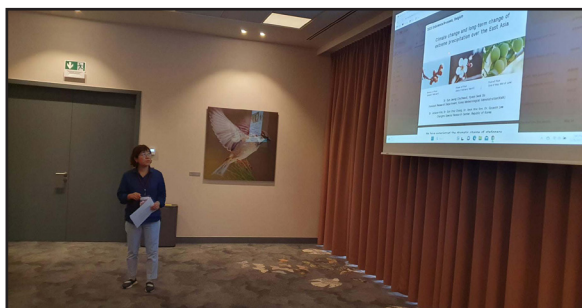

Topics:

- Earth Pollution
- Soil Science
- E-Waste Recycling
- Biotechnology
- Aquaculture
- Green Chemistry
- Forestry
- Renewable Energy
- Green House Gases
- Carbon Cycle
- Occupational Health
- Waste Water Treatment
- Biodiversity Conservation
- Ecosystems and Ecology
- Aquatic Pollution
- Biodegradation
- Pollution Treatment
- Ecosystem Rehabilitation
- Environmental Technology
- Environmental Microbiology
- Environmental Epidemiology
- Atmospheric Chemistry
- Global Warming and Effects
- Agriculture and Food Safety
- Environmental Sustainability
- Biomass or Wastes as Resources
- Civil and Environmental Engineering
- Environmental Protection: Together for Tomorrow
- Bioenergy, Biofuels and Biorefineries
- Climate Change and Mental Health
- Non-Renewable Resource Conservation
- Human Impact on Environment
- Environmental Risk and Assessment Management
- Plant Science
- Water Energy Nexus
- Treatment and Resource Recovery and Waste Management
- Impact of Covid-19 on Tourism
- CO2 Capture and Sequestration
- Solar Energy and Wind Energy
- Ecotoxicology and Public Health
- Environmental Chemistry and Engineering
- Environmental Microbiology and Biology
- Environmental Nanotechnology and Biotechnology
- Environmental Health and Safety
- 6R and Sustainable Development Goals
- Anthropogenic Impacts on Atmosphere, Soil, or Water
- Solar Energy Conversion and Photovoltaics
- Environmental Impacts of Energy Technologies
- Environmental Modeling, Processes, and Measurement Methods and Technologies
- Environmental Engineering
- Environmental Data Science
- Organic and Inorganic Pollutants
- Waste Management and Treatment
- Oceanography and Marine Sciences

Osaka Japan
April 22-24, 2024

Previous Glimpses

Conference Objective:

- To facilitate opportunities for networking, collaboration and exchange of ideas with internationally renowned leaders in Environmental Science and Applications.
- To identify research and practice based innovations in Environmental Science and Applications.
- To discuss and debate the challenges and opportunities in the new era of optimizing Environmental Science and Applications reforms.

We are looking forward to seeing you at EnScience2024 Osaka, Japan.

Best Regards

EnScience2024

Organizing Committee

Organizing Committee

1. Vijaya Gopu

Louisiana Transportation Research Center (LTRC), USA

2. Barbara Marchetti

Universita degli Studi eCampus, Italy

3. Ondra Sracek

Palacky University, Czech Republic

4. Cristina Calheiros

University of Porto, Portugal

5. Maria Rosa Mosquera Losada

University of Santiago de Compostela, Spain

6. Kartlos Kachiashvili

Georgian Technical University, Georgia

7. Milena Horvat

Jozef Stefan Institute, Slovenia

8. Loai AlJerf

Damascus University, Syria

9. Emmanuel H. MASMEJEAN

University of Paris, France

About Osaka, Japan

Osaka is a charming, relaxed city best known for its food, fun and nightlife—with some history and culture peeking through. Osaka is home to Universal Studios Japan and its location in the Kansai region makes it a great jumping off point to fascinating destinations like Kyoto and Nara. There's much to love about this city that's become one of our favorites in Japan. Osaka is best known for its amazing casual food and outgoing locals. It's arguably Japan's street food capital and most famous for snacks including takoyaki and okonomiyaki. Osaka is also renowned for its fun, extroverted people who make eating and drinking in the city an unforgettable experience.

Some of the best attractions that you must visit during your Osaka tour include Dotonbori, Shitennoji Temple, Aquarium Kaiyukan, Umeda Sky Building, Sumiyoshi Taisha, Hozenji Temple, Amemura, and Spa World.
