

3rd Global Summit on

Power and Energy Engineering

March 18-20, 2024 at Lisbon-Portugal

Theme:

Production, Utilization and Importance of Power and Energy Engineering

Welcome Message

The Scientistt
Exploring Science · Promoting Innovation

Dear All,
Welcome...!!!

The Scientistt welcomes you to attend the 3rd Global Summit on Power and Energy Engineering which is going to be held in Lisbon, Portugal During March 18-20, 2024. We cordially invite all the participants who are interested in sharing their knowledge and research in the area of Power and Energy Engineering.

GSPEE2024 anticipates more than 100 participants around the globe with thought provoking keynote lectures, Oral Presentations and Poster Presentations, and Poster Presentations. The attending delegates include Editorial Board Members of related International Journals. This is an excellent opportunity for the delegates from Universities and Institutes to interact with the world class Scientists.

This will bring together world leaders in their respective fields in the fascinating environment of Lisbon, Portugal. GSPEE2024 Conference is to explore on Innovative Ideas and Development in Power and Energy Engineering. The aim of the GSPEE2024 is to promote quality research and real-world impact in an atmosphere of true international cooperation between scientists by bringing together again the world class researchers, International Communities and Industrial heads to discuss the latest developments and innovations in the fields of Power and Energy Engineering. with colleagues from different countries and other parts of Italy.

Conference Objectives:

- To facilitate opportunities for networking, collaboration and exchange of ideas with internationally renowned leaders in Power and Energy Engineering.
- To identify research and practice based innovations in optimizing Power and Energy Engineering research and development.
- To discuss and debate the challenges and opportunities in the new era of optimizing Global Strategy on Power and Energy Engineering research and development reforms.

We look forward to see you at Power and Energy Engineering (GSPEE2024) in Lisbon-Portugal

Best Regards
GSPEE2024
Organizing Committee

Conference Highlights

The Scientific Federation brings you an immense opportunity to be a part of scientific acceleration to world class personalities, young scholars, scientific delegates and young scientists to join in this forum to utilize the expertise and novelties that brings a new era for innovations in the field of Power and Energy Engineering which brings well versed scrutinizers at one place. It provides a platform to have open discussions, knowledge sharing and interactive sessions with field experts at GSPEE2024.

1. Energy

Nuclear Power, Energy in Buildings, Energy Technology, Energy Conversion, Energy Efficiency, Energy Transfer, Energy Storage, Energy Planning, Thermodynamics, Energy Systems, Energy Analysis, Wind Power, Solar Energy, Biomass and Bioenergy, Renewable Energy, Alternative Fuels, Electric Power Systems

2. New Energy Production, Storage, Transmission

Greenhouse Gas Treatment, Thermal Energy and Power Engineering, Thermal Power Engineering, Energy Engineering & Environmental Engineering, Clean Energy Development, Thermal Engineering, New Technology for Oil and Gas Development, Ocean Energy Technologies, Energy Materials, Clean Development Mechanism, Heat Engines

3. Power Systems

Power and Energy Circuits and Systems, Power Disaster and Protection, Power Electronics and its Applications in Smart Grids, Power IOT, Power Market, Power Quality, Protection and Electromagnetic Compatibility, Power System Analysis, Power System Resilience, Renewable & Sustainable Energy Technologies, Smart Energy Grids, Smart Grid Technologies and Utility Applications, Grid Transformation, E-Mobility

For Abstracts Submission:

<https://www.global-summit.info/2024/power-energy-engineering/submit-abstract>

For Registration visit:

<https://www.global-summit.info/2024/power-energy-engineering/register>

Conference sessions will bring you the latest strategies, research, and best practices to improve outcomes through quality, safety and staffing.

Organizing Committee Members

César M. A. Vasques
University of Aveiro
Portugal

Raul Campilho
ISEP - School of Engineering
Portugal

Manuel Filipe P C M Costa
University of Minho
Portugal

Hongwei Wu
University of Hertfordshire
UK

Krishanu Roy
University of Waikato
New Zealand

Vito Calderaro
University of Salerno
Italy

Katarzyna Pietrucha - Urbanik
Rzeszow University of Technology
Poland

Mohammad Mehdi Rashidi
University of Electronic Science and
Technology of China, China

Giuseppe Buja
University of Padova
Italy

Luigi Vesce
University of Rome
Italy

Wenxian Yang
Newcastle University
UK

N. Anes García
ELMAC-Ingenieria, Dirección,
Spain

Luo Lingai
National Centre for Scientific Research
France

Daniele De Wrachien
State University of Milan
Italy

Wanyang Dai
Nanjing University
China

About Venue

If you're dreaming about your next trip to Europe, come and discover Lisbon, a historical city full of stories to tell, where the sun shines 290 days a year and the temperature rarely drops below 15oC. A city where you feel safe wandering around day or night, where the cuisine is dedicated to creating over a thousand ways to cook the beloved bacalhau (salted cod), and where you'll find hotels and restaurants to suit every taste, budget and requirement. Discover Lisbon, a city full of authenticity where old customs and ancient history intermix with cultural entertainment and hi-tech innovation. Lisbon is ageless, but it loves company, as you'll find out if you meet someone and ask them to explain, with lots of gestures and repetition, where the best place is to listen to Fado. After all, Lisbon is famous for its hospitality and the family-like way it welcomes visitors.
